There is yet much suffering and want felt by the unfortunate people in the flooded districts of the Valley, and any contribution of money, clothing, furniture or other articles sent to the Pioneer Mills will be forwarded.

**HANDSOME DONATION.**—A well known citizen, a native of Alexandria, equally distinguished for his liberality towards all plans for the benefit of his fellow men, and for the care with which he keeps the knowledge of his benevolent impulses from the public, sent, yesterday, to the Superintendent of Public Schools a check for one hundred dollars with the following note, with a positive order for the suppression of his name:—

To Richard L. Corne, Supt. of Public Schools: Dear Sir: Feeling a deep interest in the prompt organization of public schools in Alexandria, I enclose you a check on the First National Bank for one hundred dollars, to be appropriated as you may think best for the good of all the schools to be organized under your superintendence. Respectfully, Alexandria, Nov. 21, 1870.

The money will be used in procuring mathematical and object lesson apparatus, small magnetic globes, &c. &c., such as are in daily use in the northern primary schools, and which could not, probably, have been afforded here for the first year, in consequence of the expense of procuring furniture, &c. &c.

**ALEXANDRIA & WASHINGTON R. R.**—The case of the Washington, Alexandria and Georgetown Railroad Company vs. The Mayor &c., of Washington, and Bradys; appeal from the Supreme Court of the District of Columbia, came up in the Supreme Court of the United States in Washington, yesterday. The appellants obtained a preliminary judgment below, restraining the Bradys, as trustees, from selling the railroad, as formerly chartered under the laws of Virginia, to secure payment of certain bonds issued by the old Company and guaranteed by the city of Washington. This injunction was subsequently dissolved, and the appeal insists that the order dissolving it was an error. The Court sustains the view of the appellants, and reverses the decree. In the Supreme Court of the District of Columbia, yesterday in the case of the Alexandria & Washington Railroad vs. Washington & Georgetown Railroad Co., an order was made denying the application made by plaintiff to have bill dismissed.

**WASHINGTON AMUSEMENTS.**—As will be seen by an advertisement in another column, the steamer City of Alexandria will make an extra trip to Washington on Thursday night next for the accommodation of those who may desire to visit the places of amusement now open in that city. The Alexandria and Washington Railroad Company have also perfected arrangements by which a special train will leave this city from the corner of King and St. Asaph streets every Tuesday and Friday evening at 7 o'clock; returning, leave Maryland Avenue depot, Washington, at 11:30 p. m.

**CITY CONSERVATIVE ORGANIZATION.**—A meeting of the City Conservative Superintendents was held at the Mayor's office last night, but no business of general interest was transacted. Another meeting will be held in a short time to perfect the organization.

## TELEGRAPH NEWS.

(SPECIAL DISPATCHES TO THE GAZETTE.)

## FOREIGN NEWS.

**LONDON, Nov. 22.**—The weather to day is stormy throughout Great Britain. A cold rain prevailing and the telegraph lines are working badly.

Mr. Ashbury's yacht Camelia from New York arrived at Cowes this morning, after a very rough passage with continual head winds.

**MADRID, Nov. 22.**—The Imperial newspaper says the formal acceptance of the Spanish Crown by the Duke of Aosta was received in this city Sunday. An escort squadron will leave Carthagen for Genoa next Friday.

**FLORENCE, Nov. 22.**—Complete returns from the elections for members of a new Parliament which were held on the 20th instant have not yet been received. Enough, however, is known to warrant the statement that the Government has been sustained by an immense majority.

**LONDON, Nov. 22.**—The feeling to-day in regard to the Eastern question is much more healthy.

Confidence is in good part restored in military circles, and bread-stuffs are again declining. A special telegram to the Times this morning from Berlin says:—"Russia is seeking to prove that the story of her buying an American fleet to serve as a Black Sea squadron is untrue." Her language is specific. Prussia, it is expected, will sustain a peaceful solution of the question between Russia and the other powers relative to the Paris treaty of 1856.

The Morning Post officially denies that Bismarck repudiates the existence of an understanding with Russia about the Euxine question.

**BERLIN, Nov. 22.**—A magazine exploded early Monday morning near Metz, killing and wounding several soldiers.

**Burning of a Steamer, &c.**

**PHILADELPHIA, Oct. 22.**—The steamer City of Bridgeton was burned to the water's edge at 2 o'clock this a. m. at her wharf above Market street.

The steamer arrived about 11 o'clock last evening with some twenty passengers and a large amount of freight. Owing to the lateness of the hour, many of the passengers remained on board until the breaking out of the fire, which commenced in the galley.

From the rapidity with which the flames were communicated to the other portions of the boat it is feared that some of the passengers were unable to make their escape.

The steamer was a large side wheel freight and passenger boat, about three years old, owned by a company at Bridgeton, N. J. The loss is estimated at \$65,000, upon which there is no insurance.

A fire at 3 a. m. destroyed the building on South Delaware avenue occupied by Warrington Bennett & Co., produce dealers.

**Removal of the Capitol.**

**ST. LOUIS, Nov. 22.**—A large meeting of persons favoring the removal of the National Capitol was held last night.

The report of the committee, appointed at a previous meeting, was adopted, embodying a petition to the City Council to memorialize the Legislature in favor of the passage of a joint resolution, declaring for the removal of the National Capitol to some central point in the Mississippi Valley, and tendering jurisdiction to the General Government of such territory as may be required for the Capitol grounds, should it be located within the State of Missouri.

Another meeting will be held next Monday night.

**THE "PIGRIM."**—This great spectacular exhibition opens tomorrow (Wednesday) night, at Liberty Hall. The Pilgrim, or the dream of Bunyan, is too well known to need comment. An exchange says: "In many of these magnificent paintings the lovers of art will find food for study and admiration. Men of mature years and of most highly cultivated intellect may here draw lessons of infinite moment and persons of advanced piety may find their devotional feelings kindled and elevated. These paintings are within the understanding of children, and, as the eye opens a direct avenue to the heart, they make a deep and permanent moral impression. We hope that all our schools, public and private, will be enabled to witness this great moral entertainment. Believing that the eager desire for amusement will thus be turned into an elevating and rational channel, we commend 'The Pilgrim' to the liberal patronage of an intelligent public."

**THE AUSTRALIAN CRYSTAL AND BRAZILIAN PEBBLES.**—It is there is any one great discovery in the present age which has proved an invaluable boon to mankind, it is the grand invention of Dr. Bernhardt, the distinguished oculician, whose rooms are at the Mansion House. After years of laborious study and research, the Doctor has succeeded in obtaining the great secret of preserving the eyesight to a great extent. Secure his professional services, let him make a careful examination of your eyes, and we will engage that by the use of his admirable glasses, you can use your eyes for any length of time without fatigue or pain. As the engagements of Dr. Bernhardt will soon call him to his office in New York, we would advise all whose eyesight is at all impaired to call upon him immediately. Every one who has thus far called upon him speaks highly of his professional skill.

**COGAN'S GAS FITTING SHOP.**—The gas fitting shop of Mr. William Cogan, on Royal street, near the market, now presents with its stock, as handsome an appearance as any similar establishment south of Baltimore. The gas fixtures are so elaborately and artistically made and carved as to induce the belief that one is visiting an artist's studio rather than a gas fitting shop, and the very many who call there to look at what he has to stock, is indicative of the attractiveness of his stock.

**THE PARKER HOUSE.**—The Empire House, under end of King street, has been purchased by Rev. George W. Parker, colored, Councilman from the Fourth Ward, repaired, refitted, and under the name of the Parker House, opened for the reception of travellers, merchants, and gentlemen, and with the table kept there one can find fault.

**THE SAPHO TROUPE.**—The Sapho Blonde Troupe and Comic Opera Company gave their first exhibition in this city at Liberty Hall last night. The little Sapho, wherever she may be, is a remarkably precocious child, and though very young is already an excellent and charming actress. The troupe gave their second and last performance to-night.

**MINCE MEAT.**—Mr. Job Coston advertises mince meat made by himself, of the very best materials, and from a sample, it deserves recommendation. Call on him in the Market.

**PETER'S MUSICAL MONTHLY.**—From the stationery, and music store of Mr. J. H. Purrott, King street, we have received the November and December numbers of Peter's Musical Monthly Magazine, with interesting tables of contents, including some new and beautiful music.

**OYSTERS.**—J. H. Owens & Co., at their oyster establishment, lower end of King street, are in the receipt of some of the finest and largest oysters that have been brought to market this fall. Customers supplied to order.

## SPECIAL NOTICES.

## AN OLD FRIEND.

For many years the Press of the country has chronicled the beneficial effects of Hostetter's Bitters. Editors, authors, physicians, merchants, officers of the army and navy, ministers, counsellors, ministers of the gospel, in short, a great cloud of witnesses of every profession, trade and calling, have testified to its efficacy as a tonic and regulating medicine. The names and statements of these witnesses have been published in the public prints. Many of them are well known to the whole public. Their testimony has never been challenged or impugned. This

## OLD FRIEND

has been tried and pronounced, on the authority of those whose lives and health it has preserved, a pure, harmless and eminently salutary preparation. Attempts have been made to rival it. They have failed. There is nothing equal to the enjoyment experienced by the afflicted when using this valuable specific. Its mild tone, its sure and vigorous action upon a disordered stomach, and the clearing of the entire human body, recommend it to the whole community as a RELIABLE FRIEND.

## SPEER'S WINE.

Speer's Port Grape Wine is the only wine calculated to do good in diseases of the stomach, bowels, liver and kidneys, such as acidity, dysentery, diarrhoea, incontinence of urine, and general debility. One bottle is sufficient to convince the most sceptical of the great curative power contained in this wine.

Commissioner, he will endeavor to visit the different counties of the court days, and save parties the trouble and expense of several trips to Alexandria in beginning and proceeding with their cases. Discharge can be obtained here before the next term of court, as in Richmond or elsewhere, and at which less expense to parties it may be added to the Bankruptcy act, in connection with the Homestead exemption, which it is now held over will be secured to the bankrupt under the bankruptcy law, is the only real relief now offered to parties struggling in the hopeless bondage of old debts, a dress personally or by letter at No. 12 south Royal street, Alexandria.
